

Update in Anterior Approach for **Total Hip Replacement**

19 & 20 September 2024

UPDATE IN ANTERIOR APPROACH FOR TOTAL HIP REPLACEMENT

BARCELONA 19&20 SEPTEMBER 2024

We are thrilled to invite you to **Barcelona in September 2024** for an immersive experience delving into the cutting-edge realm of the direct anterior approach for total hip replacement.

The **European Hip Society** has graciously endorsed this course, facilitating the participation of **leading experts** within the panel of surgeons.

Join us for an enriching course designed to unveil the latest advancements in **anterior approach surgery**. Whether you're contemplating embarking on this transformative journey or are already a practitioner of the anterior approach, this event promises to be a game-changer.

Our goal is to share a wealth of knowledge, ensuring that those considering the technique leave with invaluable **tips and tricks**, ready to embark on their own anterior approach endeavors. For those already acquainted with this method, anticipate gaining **fresh insights and innovative ideas** to elevate your practice.

Don't miss this opportunity to stay at the forefront of surgical excellence. Barcelona awaits you in September 2024 for a course that will reshape your approach to total hip replacement.
