# TRANSATLANTIC ORTHOPAEDIC CONGRESS

NEW YORK, NY | OCTOBER 12-15, 2017

## JOIN US IN NEW YORK CITY FOR THE TRANSATLANTIC ORTHOPAEDIC CONGRESS!

Over the past 18 years, this meeting – a collaboration of ICJR, the Insall Scott Kelly Institute, and the European Knee Society – has evolved into one of the most comprehensive and rewarding learning experiences for new and experienced orthopaedic healthcare professionals.

An invited faculty of leaders in orthopaedic surgery from both sides of the Atlantic Ocean will focus on concepts in sports medicine, knee and hip replacement, and practice management, including:

- Enhanced recovery arthroplasty
- Surgical approaches, components, and bearing surface choices in THA
- Complications of THA and indications for revision procedures
- New techniques and technologies in TKA
- Current controversies in TKA
- Knee injuries and extensor mechanism management

We look forward to seeing you in New York this fall!

## ACCREDITATION

### TARGET AUDIENCE

This course is designed to meet the needs of orthopaedic surgeons, allied healthcare professionals, fellows, residents, and mid-level providers whose scope of practice includes sports medicine and hip and knee arthroplasty.

### LEARNING OBJECTIVES

- Review the Comprehensive Care for Joint Replacement (CJR) Model and gain a better understanding of the bundle and its implications on the practice of orthopaedics
- Explore the emerging trend of outpatient hip and knee replacement and strategies for enhanced recovery arthroplasty
- Develop an approach to the diagnosis and management of the young adult with a painful hip
- Compare the latest treatment options for cartilage and meniscal defects in the knee
- Discuss the options for ligament reconstruction and osteotomies about the knee
- Review the continuum of care for progressive levels of arthritis in the knee, from unicompartamental though bicompartamental to cruciate retaining arthroplasty
- Evaluate the state of the art and future trends in primary total hip and total knee arthroplasty
- Develop and hone an algorithmic approach to the management of total joint arthroplasty patients, including candidates for rapid rehabilitation and outpatient arthroplasty
- Identify characteristics of the problematic total joint replacement and understand the treatment options for a failed hip or knee replacement

### ACCREDITATION STATEMENT

fore

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Foundation for Orthopaedic Research & Education (FORE)
